Point pivot pour l'or et le sp500
Point of pivot for the gold and the SP500 (worked actions):
At the beginning of a long term bull market for the gold.
At the beginning of a long term bear market for the SP500

Ounce of
For one year the SP500 and the rate of the ounce of gold progresses in parallel, nevertheless this shouldn't last for a long time.

I tilt for a decline of the SP500 and an increase of the ounce of gold as lets it suppose the

20 years of bear market on the gold and bull market on the SP500
